

# GYMBOX™

A Motor Activity Center for the Home use

Parent-friendly  
Compact, portable,  
suitable for the  
home

At the end of the  
play just close the  
GYMBOX, simple and  
easy to fold  
(takes only 3 min.)

The separate  
pieces are  
Velcroed together  
into a box

# Your child's entire motorical world in just 1 box

This innovative modular cube unfolds its 6 faces and transforms to a sport mattress that combines various elements, such as balls pool, cylinders of different sizes, swings, stairs, slope, crawling tunnel and balance surface.

The GYMBOX is available in two sizes:

GYMBOX 80cm cube (age group 3m-3y) 17 parts

GYMBOX 100cm cube (age group 3y-7y) 16 parts

Enables years of enjoyment - taking the child through different developmental stages

The GYMBOX allows for parent and child quality time, enhancing important developmental aspects, such as fine & gross motor skills, balance & coordination, visual and spatial perception - all through fun play.

For the first time you can create a whole "playground" in your own home, monitoring your child's safety.

Crawling skills  
Eye-hand coordination

Basic concepts:  
color, distance

Balance and body control

# Development & Enjoyment in 1 smart box

GYMBOX 100cm

Quality time

## Multi-function, Multi-user

The GYMBOX was developed for the fast pace of life which allows for less and less time being spent on physical activities.

The GYMBOX was designed to assist kindergartens, daycares, varied therapists and leisure centers as presenting a complete array of different activities.

Dana Alperon, Psychologist,  
Developmental and Educational  
Consultant to the GYMBOX:

*"Experimentation through physical activity in early childhood contributes to the cognitive development and reinforces the confidence and emotional skills that affects later learning abilities. The GYMBOX is a great multisensory environment for that".*

Strengthen shoulder girdle

Sense of capability and self confidence

Challenging: Passing through obstacles

The GYMBOX website [www.GYMBOXusa.com](http://www.GYMBOXusa.com) offers a wide range of exercises and activities for ages 3m-7y, that maximize the full usage and fulfill your child's best potential.

It is the ultimate  
indoor playground

Playtime  
and social  
skills

The GYMBOX is made of  
high quality materials and  
complies with international  
safety standards
